

Dear Island families,

Welcome to the 2020-2021 school year! Following the success of our distance learning program, we are looking forward to returning to our campus at Island School. It will be an adventure for us all!

We will start the school year with a five-day week and the same school hours as in the past. Mrs. Hines and our staff have developed a plan to insure the safety of your children while providing the excellent education that our school has always offered.

The Board of Trustees would like to assure you that it is our intent to provide an educational experience for your children that is as stable and normal as possible. With that said, please be prepared for adjustments that may be required as the year evolves. If something isn't working, we will quickly adjust to continue to meet the needs of students and staff. Changes may be made to some of our programs to limit contact inside and outside of our campus. We will try to accommodate the needs of all of our children and their families.

Thank you for your continued patience and support! All of us want the very best for your children and we are ready to begin another great year!

Stay safe and healthy,

The Island School Board of Trustees
